Part B: Select two LinkedIn profiles from your classmates for peer review. Answer the following questions, placing your review in the thread of your classmate's profile:

1. Was the profile complete?

Lisa's profile was mostly complete; she didn't list any Web links or have a picture posted. I also noticed she listed herself in Orange County, but lives in Corona, what's up with that Lisa, are you embarrassed to be living in Riverside County?

2. Did it seem to provide a good "picture" of who this person is?

Yes. I'd say Lisa summarized herself well – although I think she should post a picture of herself.

3. Did the person present himself/herself in a positive way?

Absolutely – how would you present yourself in a negative way?

4. What areas for improvement would you recommend?

I think Lisa should add a picture of herself and maybe a Web link to where she works.
